## **EXCLUSIONS (UNLESS OTHERWISE NOTED WITHIN PROPOSAL SPECIFICATIONS):**

- Exterior and interior mechanical and transformer pads as well as fence foundations, flag pole bases and light pole bases.
- Drain tile, damp proofing and waterproofing.
- Supplying and installing geofoam or other structural fills.
- Pour-stops and edge framing for elevated slabs.
- Caulking, sealing, control joint filler and liquid floor hardener as well as floor surface preparation and leveling.
- Anchor bolts, Simpson Anchors, base plates, weld plates, pipe bollards, bike racks and miscellaneous metals and hardware.
- Pavement markings, striping and signage.
- Mockups.
- Safety railings at excavations or elevated decks.
- Additional conveyor and concrete pump service due to inclement weather and unforeseen conditions.
- Excessive dewatering.
- Winter concrete service fees, additives and protection as well as summer ice required to reduce concrete temperature.  
Winter Unit Price Rates: Winter Service (November 1 - April 30): \$22.00/CY  
Non-Chloride Accelerator (NCA): 0.5% \$7.75/CY, 1.0% \$15.50/CY, 1.5% \$23.25/CY, 2.0% \$31.00/CY
- Supply and maintenance of temporary heat and ground thaw systems.
- All surveying efforts including that for establishing or locating benchmarks, control points, building corners, curbs and sidewalks, grade staking and other layout requirements.
- Demolition, excavation, backfilling and hauling or removal of debris, gravel or soil.
- Shoring, bracing and underpinning.
- Traffic control.
- Concrete strength and FF/FL, soil, air quality and other required testing.
- Permits, fees and Textura expenses.
- Payment and Performance Bonds.
- DBE, MBE and WBE participation.

## **CLARIFICATIONS:**

- Excavator is responsible to supply, place and compact all gravel to  $\pm$  one (1) tenth of a foot.
- Framed footings shall be on normal clay, not on granular fill (e.g., 3" stone).
- Interior slabs to be poured under normal conditions (60° F minimum).
- FF/FL testing to be completed within 24 hours of pour per ACI standards.
- Mobilizations: one (1) building foundation, one (1) interior slab-on-grade, one (1) site curb and two (2) for other site concrete.
- Adequate lighting must be provided.
- Proposal is based on Eagle Concrete, Inc.'s standard insurance policy coverage and limits.
- Proposal is based on a forty (40) hour work week, Monday through Friday, 7:00 am to 3:30 pm.

## **TERMS AND CONDITIONS:**

- Proposal may be withdrawn if not accepted within 30 days of the issue date.
- This proposal incorporates Eagle Concrete, Inc.'s Standard Terms, Conditions and Warranty which are available upon request.

## **ACCEPTANCE:**

The above specifications, prices, exclusions, clarifications, terms & conditions and warranty are satisfactory and hereby accepted.  
Eagle Concrete, Inc. is authorized to complete the scope of work as specified.
